Dear Parents/Carers,

Re: Year 11 Leavers Prom – 10th September 2021.

It gives me great pleasure to share the final details for the Class of '21 Prom that will take place on Friday 10th September 2021. This year, the Prom will be held at **Rose Gardens Banqueting Hall, 295 Parkfield Road, Wolverhampton, WV4 6ED**. In the runup to this exciting event, I wanted to share with you some key information:

Timings

Learners can arrive at the venue from 18:30 either by foot or vehicle, with the Prom running until 22:45 as the venue holds a licence which does not allow them to operate after 23:00. As such, can you please ensure that arrangements are made for collection of your children promptly at 22:45.

Food & Drink

During the evening, a buffet will be provided for all learners to enjoy. Learners should bring cash or a debit card to purchase soft drinks from the bar during the course of the evening.

Security & Safety

All learners wishing to attend the Prom must have a ticket or payment confirmation with them on the evening – tickets cannot be purchased on the door. Tickets will be checked by either academy staff, or the venue's security to ensure the safety of all learners. Please also note the following safety/security measures:

- The venue operate a strict no smoking policy.
- Learners will not be allowed outside of the venue at any time unless they are being collected to go home.
- Any learners who appear intoxicated to academy or event staff will be refused entry by the security staff.
 - If this is during the event, a parent/carer will be called to collect the child.
- The venue reserve the right to check all staff and learners entering the premises.

COVID-19

We are very pleased that the easing of COVID-19 restrictions has allowed us to go ahead with this event following so much uncertainty. As per government guidance, anyone with symptoms of COVID-19 should not attend the event – we will issue a full refund in this event. Furthermore, we would like to ask for your support in encouraging all your children to conduct a lateral flow test before the event to ensure the safety for all those attending.
