Dear Parent/Carer,

Re: Appathon - A 2 Day Event at Dudley College

We have a fantastic opportunity to take your child to Dudley College on the 31st of March and 1st April to take part in The No-Code Challenge. The NO-CODE CHALLENGE is an exciting and inspiring 2 –day event for local secondary school pupils to explore and experience the world of digital app development through a fast-paced team-building competition.

The event will provide an insight into the tech industry, the project life cycle of digital development and the relative job roles. Support, guidance, and insights will be provided by local industry experts throughout the event.

This dynamic and engaging event is aimed at raising awareness of job opportunities and the possibilities of entrepreneurship in the tech industry; raising the aspirations of local young people to consider their place in a digital future. The competition will focus on finding tech solutions to real-life problems and allow participants to use no-code platforms to design and develop an application that addresses a particular issue with a digital solution.

Your child will be escorted to the college and back on these days and lunch will be provided. We will be leaving at 8.45 am on Thursday the 31st and arriving back at school around 5pm. On Friday we will be leaving at the same time and arriving back at school around 4 pm.

Please complete the medical forms via Weduc if you wish your child to attend this event by Friday 25th March. Your child will also need to collect a photo consent form from me, which needs to be completed and handed in at the college on the day of the event. I will collect these back in beforehand.

If you have any questions, then please do not hesitate to contact me at school on 01902 677754 or by email on sp Perkins@beaconhillacademy.org.uk

Yours faithfully,

Mrs S Perkins
Teacher of Business and Computing
