

16/06/22

Dear Parent/Carer,

**Re: Personal development Programme – Eton College Experience
Wednesday 22nd June**

As you are aware your child will soon be approaching their final year of secondary school. As part of the academy 'dreaming big' ethos we would like to ensure our learners participate in a vast range of opportunities and experiences before moving onto higher education. As such we have had the exciting opportunity to visit Eton college, Windsor on Wednesday 22nd June, to take part in a cognitive challenge day. This day will allow learners to gain knowledge within a very different educational setting and further enhance their ability to work collaboratively and develop key skills that will allow them to continue to 'raise achievement and aspirations'.

The visit will take place on Wednesday 22nd June and learners will be required to arrive to school for 06:20 prompt. Learners will travel down to Eton College via minibus and return to school at approximately 18:00 the same day. This a fantastic opportunity to further develop valuable skills and increase their cultural capital at no cost to yourselves. There are limited numbers available on the trip so a quick consent return is essential.

As the trip is forming part of the school day, learners will be required to wear full Beacon Hill Academy uniform and bring the appropriate learning equipment for the day. Lunch will be provided for learners but they may wish to bring a drink and snack for the journey. Learners with medical needs will need to bring their own emergency medication with them on the trip. Those that should carry inhalers/auto-adrenalin injectors etc will NOT be permitted to go on the trip without them. If there are any changes to your child's medical requirements that you have not already informed us about then please email helpline@beaconhillacademy.org.uk

Yours faithfully,

Mrs B Thompson
Teacher of Physical Education

Mr S Dhami
Principal
