

12<sup>th</sup> June 2023

Dear Parents and Carers,

We regret to inform you that due to extensive flooding that has taken place this evening, the school will be closed to all Year 7 - 10 learners. We have made the difficult decision to close the school **for one day** whilst we assess the damage and make the necessary repairs to ensure the safety and wellbeing of all learners.

We apologise for any inconvenience this may cause and hope to open the school to all learners as soon as possible. In the meantime, **Year 11 learners should come to school as normal for their GCSE exams**. They will continue to have lessons as usual throughout the day, and lunch will be operating as usual.

For all other learners, we ask that you access your remote learning work through MS Teams. Guidance to support you with this has been provided below, and if you have any difficulties or require further assistance, please do not hesitate to reach out to [helpline@beaconhillacademy.org.uk](mailto:helpline@beaconhillacademy.org.uk), and one of our technical staff will get back to you and support you with this.

#### **Guidance for Remote Learning**

Learners will be in receipt of lessons which follow their usual timetable but instead will require to work between 45-50 minutes for each lesson. Their completion of these lessons is important and will be recorded.

Learners should physically 'hand in' all work completed when they next see the relevant class teacher upon their return to the academy. Please ensure your child consults the following user guide to help remind how to access lessons on **MS Teams**.

We thank you for your continued support during this time, and we will keep you updated on any further developments. Our top priority is the safety and wellbeing of all learners, and we appreciate your patience and understanding as we navigate this challenging situation. If it transpires that we need to close the school longer than a day we will let you know ASAP, during the course of tomorrow.

Yours Sincerely,

**Sukhjot Dhami**  
Principal
