Dear Parents/Carers,

**RE: School Closure Update and Uniform Communication**

We want to extend our gratitude for your understanding and support while we dealt with the effects of the storm from last night. We're thrilled to share that the school will be open as usual for all year groups. We also want to thank our estates and cleaning team for their exceptional work in getting the school back to normal.

As we prepare for the predicted warm weather, we'd like to remind learners that they're free to leave their blazers at home this week. However, please ensure that all required equipment, including their planner, is brought to school each morning. We'll evaluate this decision at the end of the week.

Lastly, we kindly request that learners bring a water bottle as they'll be able to fill it up at any of our water stations. This will be available during both break and lunch times.

Thank you for your continued support and understanding.

Best Regards,

Mr S Dhami  
Principal
