

ART and Design: ART

What topics will I study?

- Short skills-based projects under the themes, Funfair, Erosion, Flights of Fancy and Water.
- Practise project, theme of Journey. This is an extended project where pupils learn to build on the skills previously practised. This is in preparation for the formal controlled assessment, worth 60% of the final grade.
- Portfolio task worth 60% of the final grade awarded to learners. Pupils will choose a theme and independently develop a portfolio based on this theme. The final planned outcome will be completed in a exam setting.
- External task worth 40%, set by the exam board on or after the 2nd January. Learners will pick a theme and will develop a portfolio based on this. The final planned outcome will be completed in a 10 hour exam setting.

What career opportunities are there?

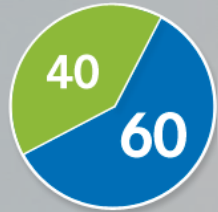

- Designer
- Interior Designer
- Artist
- Magazines
- Painter
- Illustrator
- Animation
- Graphic Designer

"I absolutely love Art, it is literally my favourite subject and I wish I could do it all day everyday. I am improving so much"

Year 10 Art Class

Subject Overview

This course is 100% controlled assessment. 60% portfolio and 40% external task. This means there is no written exam but there is a 10 hour practical exam, split over two days.
