- ✓ You choose a theme
- ✓ You research and use the computers
- ✓ You 3d Model your ideas and designs

**Grade 9**

- ✓ You make a final 3D model of your design.

# TIMETABLE

## YEAR 10

| September                                                                        | October                                                                           | November                                                                           | December                                                                            | January- April                                                                      | PORTFOLIO                                                                       |
|----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|---------------------------------------------------------------------------------|
|  |  |  |  |  | <p>After Easter of Year 10 to December of year 11</p> <p><b>YOUR CHOICE</b></p> |
| 4 weeks                                                                          | 4 weeks                                                                           | 4 weeks                                                                            | 4 weeks                                                                             | 4 months- <u>your</u> project                                                       |                                                                                 |

## YEAR 11

|                                                                                    |                                                                                                                                                       |                                                                    |
|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|
|  | <p>January- April</p>  <p>4 months- EXAMTHEME- Choose from 5.</p> | <p><u>Free time to</u> revise for other subjects <b>BONUS!</b></p> |
|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|

# OUR SUCCESS...

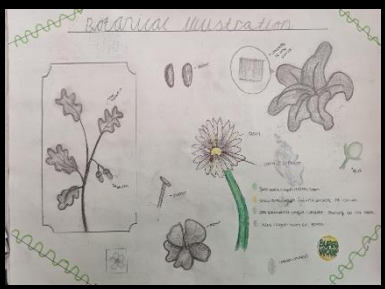

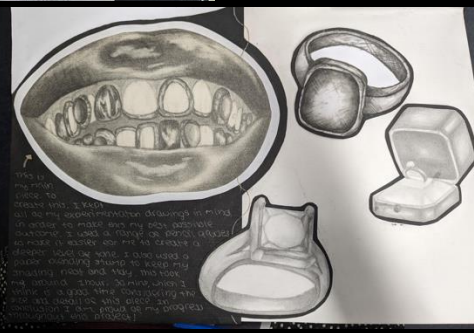

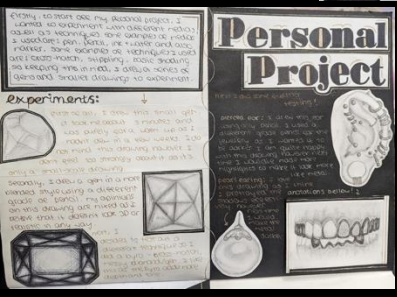

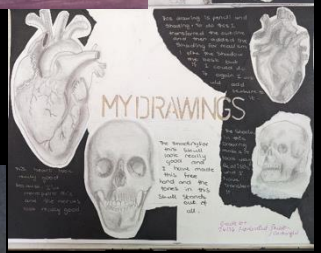

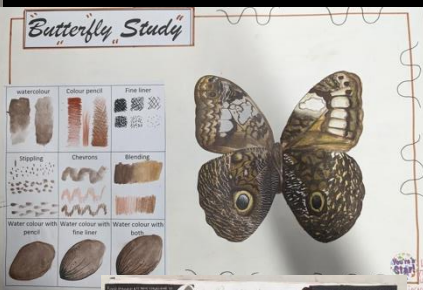

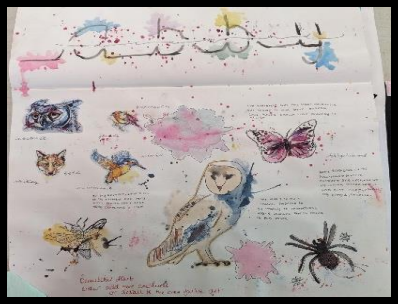

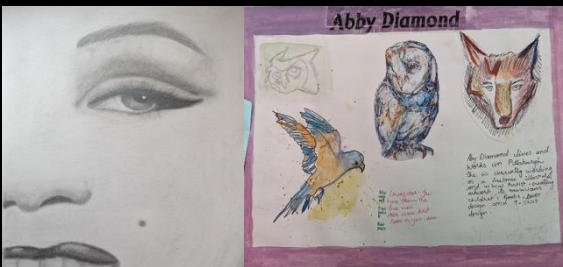

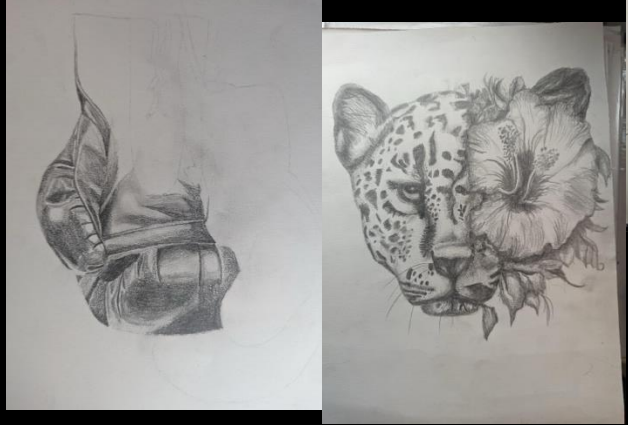

- ✓ Last year 33% achieved a 7-9
- ✓ Our progress is more than +1  
*(meaning on average pupils get one grade higher than they are predicted)*
- ✓ Better than NATIONAL AVERAGE
- ✓ Better than all schools in the trust

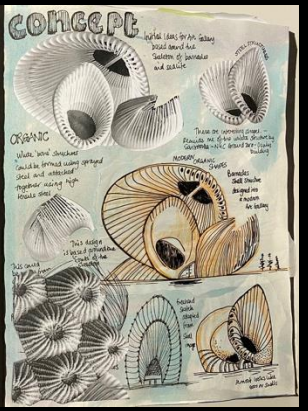

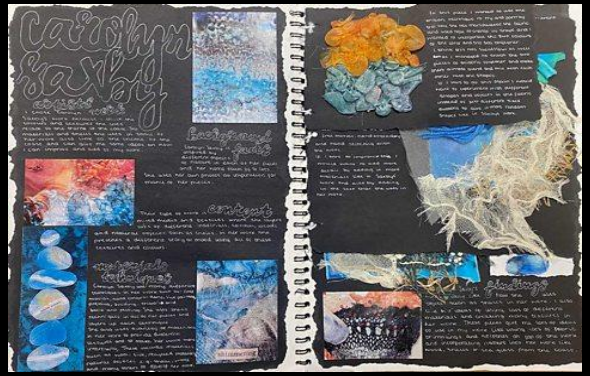

# ➤ The expectation

Year 9

Year 11

V/S

## ➤ Advice on who should choose an Art and Design subject.

| Year 9   | Topic                                | Grade | Assessment target | Effort |
|----------|--------------------------------------|-------|-------------------|--------|
| Autumn 1 | Mind maps/ mood boards               | 3+(4) | WBT BT OT AT WAT  | 5+     |
| Autumn 2 | Skulls- Vanitas, M.Quinn and D.Hirst | 3=    | WBT BT OT AT WAT  | 5+     |
| Spring 1 | Mark Powell. Faces/ hands            |       | WBT BT OT AT WAT  |        |
| Spring 2 | Karl Blossfeldt- flowers             |       | WBT BT OT AT WAT  |        |
| Summer 1 | Roger Nellens- drawings              |       | WBT BT OT AT WAT  |        |
| Summer 2 | Sculpture/ Final piece               |       | WBT BT OT AT WAT  |        |

✓ If you have **OT,AT,WAT** on the front of your book.

✓ If you have a star Sticker

✓ If you've had a postcard

✓ If you've had a letter home

✓ If you have dramatically improved over the last few months

✓ If you really enjoy it and are prepared to put the effort in

✓ **DEFINITELY** if I've said it to you!

***Don't just listen to me...***

***Hear from the pupils***

# Where can Art and Design lead me?

“There are many art jobs that pay well , with some art jobs that pay over £100,000 per year.” Indeed, 2023

**ART, DESIGN  
and  
CREATIVITY**  
are in so  
many jobs and  
in everyday  
life but the  
ability the  
think  
**CREATIVELY**  
is in every job.

Take a closer look at the  
printed posters around  
the department.
